

Seminole Elementary

Free Mobile APP

Seminole Elementary is delighted to announce that we now have our very own school APP. BASIC Solutions Group developed this app with the entire Seminole ES family in mind. Having this new tool in the palm of your hands not only keeps all app users up to date with important school information but will also enhance the learning experience for our students. Our new mobile app leverages the cutting edge technology of today to make life easier for students, parents, and teachers alike.

Below are just some of the features of our new app: Push Notifications; Current Event Calendar; Directory; Parent, Student & Teacher Resources; Portal Access & One touch email capability from the Directory.

To get your free App, go to App Store or Google Play, search for **Seminole Elementary**, download and stay connected. When downloading make sure to click Continue or Allow (depending on device) for Push Notifications in order to receive your messages. Contact school @ pr4921@dadeschools.net with any questions.
